INFORMATIONAL HANDOUT FOR REMOTE MEETINGS

Remote Public Meetings

All public body meetings for the Northwest Regional Planning Commission will be conducted remotely via electronic means for the duration of Governor Scott's State of Emergency declaration. Whenever feasible, the public will also be able to access and participate in the remote meetings by dialing in through telephone.

Accessing a Meeting

Please refer to each notice and agenda for information on how to access a remote meeting. Please note that whether you join by telephone, computer, or device, you may be put on hold or in a waiting "room" until granted access to the meeting. You also may be muted or restricted from using any chat function until the public comment portion of the meeting.

Participation

All meetings will be conducted in accordance with the respective "Rules of Procedure" of each public body, to the extent practicable. The public body will follow its agenda and allow public attendees to participate through voice (audio) means where feasible or alternatively using any chat function during the designated public comment periods on the agenda and at other applicable times as needed.

Initially, the meeting's host/organizer will mute all participants that are not members of the public body. This is necessary to control background noise. The host/organizer will then unmute participants or allow participants to unmute themselves when invited to speak by the Chair of the public body.

Please review the following guidelines:

- The Chair will invite comment:
  - during the time designated on the agenda for public comment;
  - after the public body discusses each agenda item;
  - before the public body takes action;
  - during any open public comment period, if applicable; and
  - other times as determined by the public body.

- When a participant/attendee is unmuted, they must state their name before commenting.

When the public body adjourns the meeting, the host/organizer will end the electronic meeting by turning off/closing the remote meeting software. Attendees will be automatically disconnected.

Minutes and other public records that were part of the meeting will be made available in accordance with VT's Open Meeting and Public Records Laws.

To learn more about Remote Public Meetings and the Open Meeting Law, please visit the Secretary of State's Municipal Assistance webpage at https://sos.vermont.gov/municipal-division/laws-resources/covid-19-response/.

Minutes of Council Meeting held Monday, September 28, 2026

Vice Chair Richard Stahl called the meeting to order at 6:10 p.m.

Present/Introduction: Ellen Stanley, Richard Stahl, Bryan Derry, Dave Stanley, Mike Farmer, Angel Larose, Orenna Brand (FCNRCD), Tim Smith, Scott Goodale (Guest), Amy Adams, Jackie Cassino and Bill Gray (VTrans),

Meeting Minutes
M. Farmer moved to accept the minutes of May 18, 2026; seconded by *B. Derry*. Motion passed.

Financial Report – E. Stanley presented the 2nd quarter 2026 financial report (Apr-Jun 2026). *B. Derry* moved to accept the 2nd quarter report as presented; seconded by *M. Farmer*. Motion passed. The council discussed whether a CD could earn more than the money-market account while preserving sufficient liquidity; no final investment choice was made, Treasurer or Chair will look into options.

Franklin County Natural Resource Conservation District – Signage Opportunity
Orenna Brand proposed agricultural, historical, natural, and cultural signage along the Missisquoi Valley Rail Trail. The Champlain Valley National Heritage Partnership grant allows up to $40,000; the pre-proposal is due October 16th, with a full proposal in December if invited. The St. Albans Raiders' Civil War bank raid and route through Sheldon were suggested as a possible historical topic. Franklin County Natural Resources Conservation District would coordinate local groups and design work; later fabrication and installation could be funded through the rail trails program.

MVRT Management Plan Status – Jackie Cassino updated that the management plan is in final agency review, with executive staff review expected from late October through November. The council will later identify annual priorities from the plan's goals, strategies, and actions.

Master License Agreement (MLA) – Jackie Cassino discussed that the council must determine who will maintain or replace master-license-agreement amenities as they age or become damaged. The Council will be responsible each season to inventory all the items that are in the MLA and assess their condition. These are items that can be added to the annual priority list to be addressed if needed. D. Stanley and R. Chadburn have started assessing the inventory list.

Council In-Person Meet Up – October 20, 2026 (10-12 PM) – River Arts in Morrisville
The meetup will bring together representatives from multiple rail-trail councils to discuss completed projects, work in progress, and collaboration opportunities.

Updates
Sheldon Junction Trailhead – No update

MVRT Extension – - Jackie discussed that the amenities at the current St. Albans trailhead may be gifted to the city when the trailhead moves; the bike feature may be retained temporarily. The Council will need to request removal of the items from the MLA, which include a picnic table, bike rack, and kiosk. New directional and roadway signs are expected at the replacement location. D. Stanley brought up concerns with the Route 7 crossing near the relocated St. Albans trailhead and concerned there will not be a flashing beacon for cyclists to cross safely. J. Cassino commented that area will not receive flashing beacons under current standards. They did attend a meeting with the City Council and shared the designs.

Franklin County Trails Alliance VOREC Grant – No update

LVRT/MVRT – Bill Gray updated there is planned mowing and heavier brush cutback near the St. Albans end of the Missisquoi Valley Rail Trail, coming next week. Vermont State Police and Vermont Agency of Natural Resources are investigating debris dragged from nearby property or an old dump onto the trail. The dumping has occurred several years, including a similar incident in Highgate, and may require hiring a contractor for removal. Bill asked if people see anything please provide dates, times, photographs, or descriptions of ATV activity or dumping to provide that information to support enforcement.

VAST- M. Farmer commented they are preparing for winter. Parking question came up regarding trailer parking. Past years the lot owned by Pat Malone was utilized. T. Smith would reach out to P. Malone for the upcoming season.

Other Business – B. Derry nominated Tim Smith as a member-at-large candidate. R. Stahl moved to elect Tim Smith as a nominee; seconded by M. Farmer. Motion passed.
D. Stanley discussed an option with the Council about hiring an individual to manage the "Friends of the Trail" social media. Criteria would need to be in place as to the scope of work, terms of an agreement and payment not more that $1,000. It was recommended to ask what other Councils are doing, a great topic for the meet-up.

NEXT MEETING- November 16, 2026

DELAWARE & HUDSON RAIL TRAIL WORK PLAN

FFY 2027

Project Title	Delaware & Hudson Rail Trail Program
Prepared by Program Lead	Nic Stark, Rutland Regional Planning Commission
Project Duration	October 1, 2026 - September 30, 2027

DRAFT - September 17, 2026

1. Project Purpose

The FFY 2027 Delaware & Hudson Rail Trail work program will advance the priorities of the Vermont Agency of Transportation Rail Trail Program and support implementation of the DHRT Management Plan. RRPC will coordinate planning, municipal engagement, inventories, trail-use data, annual reporting, and Council administration. The Delaware & Hudson Rail Trail Council will also advance three focused initiatives related to trailside amenities, collaboration with Slate Valley Trails, and trail etiquette and ambassadors.

2. FFY27 AOT Rail Trail Program Priorities

Priority	FFY27 Direction
Economic Impact Assessment	Begin the Economic Impact Assessment. Current estimated project completion is October 1, 2027.
Community Engagement	Meet one-on-one with DHRT towns and community groups to discuss the Rail Trail Council, the Trail Management Plan generally, and strategies relevant to each town.
RTC Nonprofit Exploration	Connect RRPC with appropriate NRPC staff to discuss the nonprofit model for the RTC.
Crossing Guidance	Complete the Rail Trail Crossing Guide assessments.
Crossing Treatments	Implement treatment standards at deficient crossings identified in the Rail Trail Crossing Guide.
Trail Surface	Begin project development for DHRT resurfacing and continue interim treatment measures.
On-Trail Sign Inventory	Complete a field-based assessment of signs along the trail.
Roadway Directional Sign Assessment	Complete a desktop assessment of roadway directional signs.
Trail Friendly Business Program	Continue outreach and materials distribution supporting the program.
Small Culvert Inventory	Continue annual inventory of 1/3 of the small culverts along the DHRT.
Trail Count Program	Continue the trail count program and annual report.
Trail User Survey	Continue the annual trail user survey and annual report.

3. RRPC Work Activities, Deliverables, and Hours

4. RTC Priority Project Tracker

The following projects are the Council's three lead initiatives for FFY27.

Potential Project	Details	Term	Estimated Cost	Resources	Point People	Notes
Slate Valley Heritage Amenities	Identify opportunities for trailside amenities that use slate or other local materials to reflect regional history and the original purpose of the corridor. Potential concepts include slate benches, landscape elements, natural play structures, pause places, and family destinations.	Medium	TBD	DHRT Management Plan; VTrans guidance; local historical and cultural organizations; municipalities; potential grant programs	RTC; RRPC; VTrans; municipalities; local partners	FFY27 focus: identify candidate locations, concepts, partners, constraints, and funding pathways. Advance selected concepts for future design and implementation.
Slate Valley Trails Collaboration	Identify opportunities to connect the trail systems, collaborate on promotion, and cross-coordinate volunteer engagement. Distinguish among physical connections, mapped or promoted connections, shared visitor information, joint activities, and volunteer collaboration.	Short and ongoing	Primarily staff and volunteer time; project costs TBD	Existing trail maps; partner outreach channels; volunteer networks; promotional materials	RTC; RRPC; Slate Valley Trails; VTrans	FFY27 focus: establish regular coordination and identify a manageable set of joint activities or projects.
Trail Ambassador and Etiquette Program	Develop a positive trail presence during peak-use periods and strengthen awareness of shared-use expectations. Incorporate etiquette into promotional materials and signage, including messages about courtesy, litter, pet waste, and responsible use.	Short to medium	Printing, signage, training, and volunteer support costs TBD	State rail trail guidance; existing ambassador program examples; local organizations; promotional channels	RTC; RRPC; VTrans; municipalities; volunteers	FFY27 focus: develop the program framework, educational messaging, volunteer recruitment and training approach, and a potential limited pilot.
